# Bringing Security, Savings and Convenience to Salesforce Customers

Paperless office solutions can help reduce paper related costs by more than 80%! In the context of customer relationship management, the ability of such a solution to effectively drive efficiency through digitization of document movement like NDA's, contracts, etc. creates a lot of business value in multiple ways.

## Sign contracts 90% quicker than before

## Minimize human error & manipulation

## Intuitive interface that's easy to use

- Contracts can be closed in minutes, and that too, with no paper and no room for errors
- Improve and empower your client experiences and the speed of contract execution by electronically reviewing and signing NDAs in just a few steps
- No need to sign each invoice manually. Bulk signing of invoices is also possible

### Compliance

*emSigner Supports Multiple Global Signature Standards*

- Adobe, AATL
- US eSign Act
- 21 CFR Part 11
- eIDAS

### Flexibility

*emSigner supports following types of signatures*

- On-screen
- Pad Based
- Token Based
- Smart-card Based
